

BMW Modul betegnelser.

Indsendt af kenn - 02. Dec 2011 21:58

På alle forummer og i mange indlæg kan du finde disse BMW udstyrs og modul betegnelser og ved man ikke lige hvad de betyder for man ikke så meget ud af det.

2JBBF - Junction Box - Passenger

6BMOT - Engine electronics MS 80 6 Cylinder N51/N52K

ABG - Airbag Module

ABS*- Anti-Lock Brakes

ACC*- Active Cruise Control

ACC2*- Active Cruise Control 2

ACSM - Advanced Crash and Safety Management

AEWS - Immobilizer

AHL*- Adaptive Directional Headlights

AHM - Trailer module

AIC - Automatic Interval Control

AKMB - Instrument Cluster

AL - Active Steering

ALBBF*- Active Backrest Width, Front Passenger

ALBFA*- Active Backrest Width, Driver

ALSZ - Light Switch Center

AMP - Amplifier

AMPH - HiFi Amplifier

AMPT - Top HiFi Amplifier/System

ANT*- Antenna/Antenna Tuner

ARS*- Dynamic Drive

ASC*- Active Stability Control

ASK*- Audio System Controller

BABG - Airbag Electronics

BIT - Telematic Control Unit

BFS - Passenger Seat Module

BM - OnBoard Monitor

BTM - Passenger Mirror Module

BZM - Control Center, Center console

CA - Comfort Access

CAS - Car Access System

CCC - Car Communication Computer

CCC-A - Applications

CCC-ANT - Aerial Tuner

CCC-ASK - Audio System Controller

CCC-GW - Gateway

CD - Control Display

CDC - CD Changer

CEM - Clean Energy Module

CIC - Car Infotainment Computer

CID - Central Information Display

CON - (front) I-drive controller

CTM - Convertible Top Module

CVM - Vert Module (Convertible Top Module)

DAB - Digital tuner

DDE - Digital Diesel Electronics

DME - Digital Motor Electronics

DSC - Dynamic Stability Control MK60E5 DSC+

DSP - Digital Sound Processor

DVD - DVD Changer

DWA - Anti Theft alarm system

ECALL - Combox Emergency Caller

EDC - Electronic damper control

EDC SHL - Electronic damper control, rear left satellite

EDC SHR - Electronic damper control, rear right satellite

EDC SVL - Electronic damper control, front left satellite

EDC SVR - Electronic damper control, front right satellite

EGS - Electronic Transmission Control Unit

EHC - Electronic ride-height control

EKP - Electric fuel pump 3 Generation

EKPS - Electronic fuel pump control

EMA LI - Automatic reel, left

EMA RE - Automatic reel, right

EMF - Electromechanical parking brake

EML - Electronic engine power control

EPS - Electronic power steering

EWS - Vehicle immobilizer

FAS - Driver's seat module

FBI - Flexible bus interface

FBZM - Rear compartment control center, center console

FCON - Rear compartment controller

FD - Rear compartment display

FD2 - Rear compartment display 2

FID - Read compartment information display

FKA - Rear compartment heating/air conditioning system

FLA - High beam assistant

FRM - Footwell module

FTM - Driver rearview mirror module

FZD - Function unit roof

FZD - Roof function centre

GM5 - ZKE - Central Body Electronics

GR- Cruise control

GT - Navigation (older models I presume)

GWS - Gear selection switch

HKA - Rear automatic air conditioning

HKL - Rear lid lift

HSR - Rear axle slip angle control

HUD - heads up display unit

ICM - Integrated Chassis Management

IHK - Climate Control/AC

IHKA - Integrated automatic heating/air conditioning system

IHKR - Integrated heating / air conditioning

IKE - Instrument cluster

IKI - Instrument cluster

INSTR - Instrument cluster

JBE - Junction box electronics

KAFAS - Camera-based driver support systems

KBM - body module

KGM - body gateway module

KHI - Headphones interface

KOM - Instrument cluster

KOMBI - Instrument cluster

LCM - Light switching center

LEW - Steering angle sensor

LM - Lights module 2

LMA - light module

LRA - Automatic headlight vertical aim control

LRR - Longe range radar

LSZ - Lights switching center

LSMC - Left Stepper Motor Control (Adaptive Headlight Module Left)

LWS - Light Switch

M-ASK-BO - User interface

M-ASK-GW - Gateway

M-ASK-NAV - Navigation system

MEDIA - Combox Media / Telephone

MFL - Multifunction steering wheel

MID - Multiinformation display

MIR- Multiinformation radio

MOST - System analysis

MPM - Micro power module

MRS - Multiple Restraint System

NAV - Navigation computer

NFRM - Driver's side footwell module

NVE - Night vision electronics

NVK - Night vision camera

PDC - park distance control

PGS - Passive Go System

RAD - Radio

RAD2-BO - User interface

RAD2-GW - Gateway

RDC - Tire pressure Control Low Cost BN2000

RDC - Tyre pressure control

RDW - Tyre pressure control

RFK - Reversing camera

RLS - Rain/Light Sensor

RLSS - Solar rain / light sensor

RSE - High Rear-seat entertainment Professional

RSE - Mid Rear-seat entertainment

RSMC - Right Stepper Motor Control (Adaptive Headlight Module Right)

SASL - Satellite A-Pillar left

SASR - Satellite A-Pillar right

SBSL - Satellite B-Pillar left

SBSR - Satellite B-Pillar right

SDARS - Satellite tuner

SEC1 - Supplementary control unit 1

SEC2 - Supplementary control unit 2

SES - Language input system

SFZ - Satellite vehicle center

SG-FD - Control unit, rear compartment display

SG-FD-GW - Control unit, rear compartment display, gateway

SGM-SIM - Safety and gateway module

SGM-ZGM - Safety and gateway module

SHD - Sliding / tilting sunroof

SHZH - Independent / aux. heater

SIM - Multiple restraint system

SINE - Siren with tilt sensor

SLM - Seat memory driver

SMBF - Seat module passenger

SMBFH - Seat module passenger side, rear

SM - Seat Memory

SM BA - Passenger's seat module

SM BFH - Seat module, passenger side, rear

SM FA - Driver's seat module

SM FAH - Seat module, driver's side, rear

SMF - Seat memory driver

SMG - Sequential Manual Gearbox

SSH - Satellite, seat, rear

SPMBT - Mirror memory passenger

SPMFT - Mirror memory driver

SSBF - Satellite, seat, passenger

SSFA - Satellite, seat, driver

STH - Park heating

STVL - Satellite, door, front left

STVR - Satellite, door, front right

SVS - Language processing system

SVT- Servotronic

SZL - Switch center steering column

SZM - Switching center, center console

SWW - Lane change warning

SZL - steering column control unit

TCU - telematic control unit/ bluetooth telephone

TEL - Telematic control unit

TGBT - Passive Go System

TGFT - Passive Go System

TMBF - Door module. front passenger

TMFA - Door module, driver

TPMS - Tire pressure monitoring system

TLC - Lane departure warning

TR SVC - Control unit for the rear view camera and SideView

UEB - Rollover Sensor

ULF - Universal charging and hands-free facility

ULF-SBX - Universal charger and hands-free facility, interface box (Bluetooth telephony)

ULF-SBX-H - Universal charger and hands-free facility, high-level interface box (Bluetooth telephony, voice input and USB/audio interface)

VDM - Vertical Dynamics Management

VID - Video module

VM - Video module

VSW - Video switch

VTC - Valvetronic

VTG - Transfer Case

WIM - Wiper module

ZBE - Central control unit

ZGM - Central gateway module

ZKE/GM - Central body electronics/GM base module

=====
