

Min nye BMW 523i Steptronic E60

Indsendt af TritonTCN - 14. Mar 2015 19:35

Hej alle

Så er min nye BMW kommet hjem fra Tyskland og afgiften er betalt 🇩🇪

Min gamle BMW 520i Steptronic (170 HK M54) 2001 er sat til salg, som også blev hentet i Tyskland for ca. 5½ år siden. Kommer helt sikkert til at savne den, men bliver dejligt med en E60 🇩🇪

Jeg har selvfølgelig gået efter en masse udstyr og lav KM stand. Den er fra 2005/08 og har gået 94.000km.

Jeg glæder mig til at blive en del af forummet 🇩🇪

Standard Equipment

BMW alloy wheel, trapezoid style 134

Kilometer-calibrated speedometer
